

Scholarship Program For Mobile Application Development Students

Introduction

With the aim to reward talented and creative student mobile app developers, the Calischoice Scholarship introduces its Mobile App Development Scholarship Program. Our scholarship is meant for individuals 18 years of age or older enrolled in a full-time or part-time course of study in a recognized college or university in the USA, the UK, Canada, and Australia.

About

The Calischoise Scholarship program is held annually to promote entrepreneurial development, stimulate creative thinking, and offer mobile development support to interested students with unmatched potential. Judges will critique each application based on its marketability to the general public, technological complexity, ease of use, and value to potential customers. For consideration, students must meet all eligibility requirements and offer genuine work.

Benefits

- The winners will get a golden opportunity to learn skills from experts that would further enhance their career as a mobile app developer.
- Students can provide us with completed apps which will be evaluated by a panel of judges based on their creativity, novelty, and overall user experience.
- Carlsbad plumber scholarship offers financial support to students from underrepresented groups to enter the booming software engineering field.
